

ATTENTION...

PRICING INCREASE ON ALL N.A. LITERATURE EXCLUDING THE BASIC TEXT BEGINNING JULY 1ST 2011

From the W.S.O., Chatsworth, CA

*While Narcotics Anonymous World Services has been forced to raise the cost of individual items, **there has not been an across-the-board increase for literature for the past ten years.** Given rising production costs and the current economic climate, NAWS can no longer continue to hold this off a price increase*

Effective July 1, 2011, a five percent across-the-board price increase will be implemented on all of NAWS inventory items, except the Basic Text.

We realize that any price increase is inconvenient at best; however, production and cost of goods charges do not stand still. We are all familiar with the reality that the cost of most things goes up over time. NA is not exempt from this reality.

On behalf of your Chicago Service Office Board of Directors

We Thank You!!

For your continued support and unyielding efforts to unify our Region and purchase literature from the Chicago Service Office. We hope this minor increase will not strain the finances of any group, however if special assistance is needed,
