It is VERY IMPORTANT that Board members that are elected to service positions be able to fulfill those duties.

Appealed for BOD members to come out and support the CSO store. Possibility of extended store hours if we had the manpower since business is picking up.

Richard expressed need for more help in the store, especially on Saturdays.

Oscar recommended Richard be considered as a special worker to quell the issue with travelling expenses. Richard said that policy would allow this, but it would cost the store more than his current travel expenses. Jeff said we could discuss this next month in new business.

Creation of a flyer for potential BOD members discussed, as well as reaching out to absent BOD pool members.

The secretary requested help in finding BOD members' term start date to add to their information in the monthly minutes.
